

RODALE
INSTITUTE™

ANNUAL FIELD DAY 2010

JULY 16
9AM-5PM

RODALE INSTITUTE
KUTZTOWN, PA

This field day will feature soil-building and weed-management lessons learned from our newest organic systems research, as well as several other ongoing experiments and demonstrations. The featured project includes an on-site field trial, as well as regional replications on six research stations and seven farms from Pennsylvania to North Dakota. Rodale's research team and invited speakers will share information on reducing reliance on purchased inputs, maximizing living soil cover and minimizing erosion. The goal being to improve soil ecology and biological processes to optimize yield stability and to reduce environmental and economic costs.

- **REGISTRATION FEE: \$15.00**
includes lunch and materials
- **MAXIMUM PARTICIPANTS: 200**
