Cold Crop Plant

APRIL

16-17

10AM-5PM

SALE

at the Rodale Institute

Get your garden started with organically grown lettuces, broccoli, cauliflower, kale, chard, herbs, flowers and more!

Stock up on gardening tools, compost, organic seeds, how-to books, and the latest seasonal tips from our expert gardeners.

Take a tour of our organic farm, or sign up for one of the hands-on **workshops** offered on Saturday afternoon:

- English Herb Garden Through the Seasons
- Small Equipment for Farmers and Gardeners

Advance registration is suggested. Sign up at www.rodaleinstitute.org/events

SPECIAL! Donate your old gardening tools and receive a discount in our store. The tools are being collected and distributed through SUNLV.ORG, a group that is helping start and support community gardening in Lehigh Valley neighborhoods.

Please also mark your calendar for Rodale Institute's **Spring Planting Festival on May 7th and 8th**, where you'll find all your favorite warm-season crops (tomatoes, peppers, squashes and more) ready for planting!

See you at the farm!
